Year 3/4 Exhibition

Dear Parent/Carers,

As part of our inquiry unit this term, Year 3/4 have been investigating geology, geometry, writing, music and media arts. We have created exhibits answering the inquiry question 'In what ways do natural processes and human activity affect the earth's surface and its inhabitants?', 'In what ways does the study of geometry affect the design and building of cities?' and 'How can we use narrative writing, media arts and music to express our ideas in creative ways?'

We would like to invite parents and carers into the classroom to view the exhibits and enable the students an opportunity to share their learning.

Classrooms will be open to parents and carers on Wednesday, 8th August from 2.20pm.

We look forward to sharing our knowledge!

Kind regards

Year 3/4 Team - Simone Xirakis, Hope Auth, Michelle Sochacki, Cyndi Steenkamp, Cameron Ryan, Edward Bassanelli and Bec Naughton.
