Dear Macgregor Community,

Welcome back after what I hope was a very relaxing break. I have enjoyed catching up with families at the welcome BBQ and preschool 'Blust Off' BBQ. Thank you to the parents who attended the 'Get to Know You' interviews last week. The information parents share about their child supports teachers to build on students’ strengths and helps us plan the next steps of their learning. Below I have highlighted a couple of initiatives happening in and around our school.

Student Led Clubs
This week we launched our Student Led Clubs (SLCs) program which is new to Macgregor Primary School. This program will no doubt evolve as we get feedback from staff, parents and students. The purpose of the SLCs program is to:

- Engage all students in student centred positive play-break activities
- Minimise antisocial behaviour on the playground
- Create additional positive connections between staff, senior and junior students
- Build leadership and capacity in senior students and teachers

Year 6 student leaders have been selected to run each of the five clubs and supervising teachers are there to support them. The five clubs will be given up to $500 each to spend (over the course of the year) and student leaders will negotiate purchases with their teachers. SLCs are for all of Macgregor’s students and attendance is generally non-compulsory. Students sign up at the beginning of each term and have the option to attend on a day to day basis. Activities are offered at lunchtime (five per week) and run for the entire play-break duration. Earlier this year, senior students surveyed the entire primary school and chose club activities based on the results. Student participation will be mapped across the school (by student leaders and supervising teachers) to determine if all student groups are being catered for i.e. balance between boys/girls, junior/senior students etc. This data is used to inform the direction and evolution of each club’s activities. We look forward to gaining the community’s feedback on and input into this program.

Macgregor’s Business School Partners
Macgregor Primary School is looking to engage local businesses in our ‘Business School Partners’ program. Due to high demand we have broken apart two of our platinum sponsorship spots to create 10 additional gold sponsorship positions. Businesses have the option to sponsor our school for as little as one term or for an entire year and every cent raised will go directly to the school. The funds are used to help us purchase additional IT equipment; enhance the school environment and support the canteen to provide Macgregor’s students with healthy food options at a reasonable cost.

I would like to use this opportunity to welcome John from IGA Holt to the program. John has signed on as our one and only Platinum Business Partner for 2015. We are offering small business owners the chance to purchase one of 20 (there are currently 6 spots left) $125 Gold memberships and become one of Macgregor’s ‘Business School Partners’ for a term. That cost is reduced to $100 per term if businesses sign up for annual membership (4 x $100 instalments). We will not accept membership from competing businesses (i.e. one electrician, gym, dentist, real estate agent, coffee shop, supermarket etc.) and those who contact the school first will secure their position for the life of their membership.

Each ‘Business School Partner’ member will have an A4 (Gold members) or A3 (Platinum members) framed plaque displayed in the school foyer which highlights their business, the services they offer and their contact details. The businesses will also be advertised on a one page attachment in every school newsletter, on our Macgregor App and promoted at school and P&C events. By becoming a member, businesses are actually purchasing our school community’s good will. Our job as a school community is to support and invest in the businesses that are supporting and investing in our school. If our members’ prices are competitive, we can do this easily by using their services or buying their products instead of their competitors. Most importantly, we need to say thank you for supporting our school when we use their products or see them in the community.

Macgregor’s Business School Partners Program is more than just sponsorship. In 2014, our students published interviews in our newsletter with some of our business partners and worked on special projects with others. This year we are hoping to increase our interactions and work on mutually beneficial projects that broaden knowledge, increase engagement and support students and stakeholders to acquire new skills.

If you are interested in being a part of the program please email me at christopher.shaddock@ed.act.edu.au

I look forward to seeing you around the school.

 Bye for now,

Chris Shaddock
Deputy Principal
Dear Parents and Carers,

It has been a great start to our first term in the library. Busy little working bees and happy, contented readers.

Your children are utilising and loving our new colourful bean bags and enjoying every moment in them (more great comfy furniture on the way :)

I have introduced year 5 library monitors this term and your children are on a roster system to help in the library at lunch times, which help develop their leadership skills. This is voluntary and the dedication to the position has been outstanding. Thank you Year 5s!

Our library is open second half of lunch from Monday to Thursday. All children have an opportunity to respect our library and help to pack up and return it back to its beautiful clean state. In doing so their names are entered into a prize draw. One senior and one junior are picked out each fortnight from my “gold box.” The lucky winners come and see me and get to choose a book from my “stash”.

This fortnights winners are:
Junior: Lachlan G; Senior: William T.

Congratulations and thank you to those students and all students in the draw for respecting our library.

Happy reading
Lisa Kunkel

---

**News from 4RV**

Welcome to 4RV’s first newsletter contribution this year, what a great start we have had. The students in year 4 have started the year with enthusiasm and have demonstrated some fantastic learning.

This year both year 4 classes are working together in a number of different learning areas and they have shown fantastic cooperative and group skills. During our writing lessons we are focussing on explanatory texts. These include information texts, procedures, instructions and recipes. We will also be using these skills in our science unit which will include writing instructions.

During science we have been exploring materials. This includes the different types of materials we use and the properties that make up the materials. The students have had a lot fun in groups, debating about materials and which properties are the most important.

In year 4 the students are going to get lots of time on the iPads. Already they have had many opportunities to use iPads for a number of different topics, including mathematics and guided reading. Each student has a log on for Reading Eggs and can access the Reading Eggs program at home.

The students are looking forward to the swimming carnival which is happening in week 5. A big thank you to all the students who have brought back their permission and medical notes.

We have had a great start to 2015 and I am sure it will continue.

Regards
Robert Venables

---

**Spanish Corner**

¡Hola todos!

Saludos a todos—Greetings everyone and welcome back, hopefully a relaxing break was had by all. Here we are in week 4, well under way with our learning in Spanish. I would like to extend a special welcome to new families. It has been very interesting hearing about new students’ previous language learning experiences.

Kindergarten have settled well into their weekly Spanish lessons, and have been very enthusiastic and quick to recall greetings and introductory language learnt last year in preschool. Year 1/2 have been busy rotating through stations practising and consolidating language from “La Oruga Muy Hambrienta”— The Very Hungry Caterpillar. Year 3/4 have been looking at transport and learning a song called “A mi me gusta viajar” - I like to travel. This song is from a great website called ‘rockalingua’, which has really catchy songs with accompanying videos, of which most can be accessed for free. Year 5/6 have been learning question words. Some of the main ones can be sung to the melody of “Get Lucky” by Pharrel Williams. Students have been given this challenge during class as putting language to a tune enables easier recall.

¿Qué?—What?
¿Cómo?—How?
¿Cuándo?—When?
¿Quién es?—Who is there?
¿Cuál? - Which?
¿Por qué? - Why?
¿Cuando? When?
¿Cuánto? - How much?

Below I would like to mention a few websites that are worth a visit (particularly to new families), also some apps that I recommend downloading if you have a tablet or iPad. These can be a fun way to learn and practise some of the basics in Spanish.

http://www.rockalingua.com
This website has a number of videos which teach language through song.

This covers many topics (e.g. numbers, colours, family, pets, nationalities) and presents it in a fun and entertaining manner.

Apps
Linguascope
Mind Snacks—Spanish
Fun Spanish

Gracias y hasta pronto,
Jo Dunbar (Spanish Teacher)
**Year One—1CR**

Year one have had a great start to the year. In the mornings, year one start their learning with investigations. Investigations allow students to explore power standards taught throughout the year and gain a deeper understanding through experimenting with concrete materials. Investigations also include reflections of the skills and knowledge they have used in the process of exploring topics. The investigations include stations with open ended tasks including historical games as part of our history unit, including costumes (dress ups) and hopscotch. In maths children have been investigating measurement and shapes. In science, students have had opportunities to explore light and sound during investigations in the morning to help them apply their knowledge and skills to science activities taught later in the day.

Year one have been exploring recount writing during English. They are learning to include ‘when, who, what and where’ as part of their introductions and use the connectives ‘first, then, next and finally’ to help describe the sequence of events they experienced.

Students have also been exploring our BRICK principles, especially Belonging and Respect. Students have investigated examples of what it means to belong, such as ways of making others feel welcome. Year one also held our own assembly in week 2 where Riley, Brayth, Rumaysa, Caleb, Isabella and Zara received BRICK awards for excellence in their attitude to learning. Congratulations again to those people! Year one have settled well in these first few weeks and we look forward to a fun and productive year ahead full of learning. Enjoy photos from our investigations!

Cameron Ryan

**Excursion/Camp Notes & Money Procedures**

Notes and money for excursions/camps should be put in an envelope with your child’s name and class on it and sent into the class teacher before or on the due date.

Please try not to hand it in over the counter at the front office, as the teachers have the excursion note bags they go in. You are welcome to pay using EFTPOS at the front office, just write on the note that payment has been made via EFTPOS and send it in to their teacher.

The correct money is needed as we do not carry change. Cheques can be made payable to Macgregor Primary School.

You can also pay at the front office via EFTPOS or you are welcome to direct deposit into our school account:
- **Account name:** Macgregor Primary School Management
- **BSB number:** 032777
- **Account number:** 001578

Please be sure to put your child’s name and what the payment is for as a reference.

*Permission notes must be sent in to the class teacher by the due date to allow time to finalise numbers for the booking. No late notes can be accepted.

**Do not touch, pick or eat any wild mushrooms!**

Death Cap mushrooms are one of the world’s deadliest mushrooms and can be found across the Canberra region, usually in late summer and autumn. There have been four deaths and many poisonings in the ACT in the past 15 years due to Death Cap mushrooms. In Canberra, Death Cap mushrooms often grow near established oak trees in mild, moist weather. Death Cap mushrooms have been found growing on school grounds in the ACT. Parents and teachers are asked to remind children not to touch, pick or eat any wild mushrooms. As the Death Cap mushroom can easily be confused with edible varieties, adults are also strongly advised not to touch, pick or eat any wild mushrooms. It is difficult, even for experienced collectors, to tell the difference between the Death Cap mushroom and edible wild mushrooms.

All parts of the Death Cap mushroom are poisonous and eating even a small amount of the mushroom can be fatal. Cooking the Death Cap mushroom does not make it safe.

If you suspect that you or one of your family members might have eaten Death Cap mushrooms, you should seek urgent medical attention at a hospital emergency department.

If you believe you have spotted a Death Cap mushroom, do not touch the mushroom with your bare skin. If it is in your own yard, the best option is to leave it be and make sure others stay away from the area. The mushroom will die in a few days.

If you believe you have spotted a Death Cap mushroom growing in a public area, please contact Canberra Connect on 13 22 81.

The year 4s this year have a motto, "Reach for the Stars". Each student has created a hand with their name and each hand is reaching for a star. The star contains goals they want to achieve this year.

Investigations in year one.

At Macgregor Primary, we aim to be ‘allergy friendly’, enabling us to provide a safer environment for all our students who are highly allergic to nuts. Please avoid putting nuts/nut products in your child’s lunch box.
**Swimming Carnival and Fun Day**

Our 2015 Swimming Carnival and Fun Day is on next Thursday 5 March and it's going to be awesome! Students in years 1-6 will be travelling to Big Splash Jamison for a fun filled day at the pool, while our kindergarten students will be enjoying their very own water fun day at school. Family and friends are invited to venture down to Big Splash and/or the school to join in with the fun and possibly lend a hand where needed.

Today we held house meetings led by our Hawker College friends and our very own year 6 students. At these meetings students practised chants and cheers for the day and were reminded to bring a towel, hat, swimming shirt, water bottle and food with them next Thursday and to wear a shirt in their house colour. Students were also encouraged to have-a-go at the competitive races on the day that will be held in between our fun novelty races to earn valuable participation points for their house.

I'm not going to mention the “r” word, but any notifications regarding alternative plans for the day will be sent across our school app and FM 104.7/106.3 on the morning of the carnival.

So clear the calendar for next Thursday and we will see you either at the pool or school!

**Meninga Cup / Daley Shield**

On Wednesday 11 March we will once again be participating in the Raiders Legends 7-a-side Rugby League gala day. The gala day is to be held at Kambah Playing Fields. We have a competitive 3/4 team playing in the Meninga Cup, a competitive year 5 team playing in the Daley Shield and a non-competitive 3/4 team playing in the Oz tag division. Our year 6s will be busy at their annual leadership day and will no doubt be looking forward to next term when they can run out on the field for our Sullivan Shield team. MPS has a proud and successful history in the Legends gala days and the teams have been training well for the last few weeks at lunch and are looking promising. A big thanks must go out to Paul Reid (Mitchell, Bailey and Jaxon’s dad) and Rob Terrill (Max’s dad) for giving up their own time to assist with training and coaching the teams with me.

**My Schools Golf Program**

The My Schools Golf Program has started at Macgregor! Half our senior school classes are half way through the four-week program with the remaining classes to begin their program in week 6. Skills covered include putting (Roll It), chipping (Chip It) and full swing (Rip It). Our astroturf field at the rear of the school has come in very handy as a putting green and the students are enjoying the opportunity to participate in the program activities, especially the custom designed putt-putt course ASBA Nick made for them last week! In a few weeks we will be having a golf pro visit the school to provide professional coaching sessions and the program will culminate with a visit to the Magpies Golf Course in Holt for up to 30 selected year 5/6 students. A big thanks to Rick Smith (Hayden and Brodie’s dad) who kindly donated a large number of clubs and a couple of golf bags to the school to use in the program alongside the awesome golf kit supplied through a grant with Magpies Golf Club.

**Belconnen United Sharks Junior Rugby League Football Club**

The Belconnen United Sharks will be holding their last registration day on Sunday the 15 March at the Melba District Playing Fields on Verbrugghen Street. The Sharks have teams from under 6’s to under 16’s and if you are new to the game or coming from another club, friendly Sharks and Sharkette’s will be there to answer all your questions. Shorts and socks are provided as part of the registration and each registration that is paid on the day will receive a Sharks football prior to the commencement of the season. For further information please contact club register – Peter McCook on 0403 310 084 or peterandsharon@iinet.com.au.

Have an awesome weekend! I hope you are enjoying the Cricket World Cup!

Glen Ridley
PE Teacher

**Heroes Corner**

If you, your child or someone you know have any achievements that our school community should read about, be they big or small, please email details to glen.ridley@ed.act.edu.au or drop a note into the front office with all the details.
President’s Update

Last week we held our annual AGM and elected our new committee. Welcome aboard everyone! We still have some positions available (see below) so if you would like to get involved please get in touch. Also, if you would like to receive the P&C emails, either the meeting minutes or general info for parents, send me an email and I’ll add you to the list. You can also opt out via the same email address.

The P&C is always keen for extra help. If you can spare a few hours to volunteer at events like the discos and Father’s / Mother’s Day stalls, we’d love to hear from you!

Amanda Bichard
P&C President
pandcmacgregorprimaryschool@gmail.com
Canteen News

Pantry donations - Many thanks to all of the families who donated pantry goods and/or fresh vegetables from their garden.

If you would like to send in donations we still need brown paper lunch bags, plastic forks, spoons and cups as well as fresh fruit and vegetables.

Hot Cross Buns - The Baker’s Delight Hot Cross Bun fundraiser is coming up in March. You should have received a note home. If not, pop into the front office or canteen for information.

Tuckbox Volunteers - We still need volunteers to help in the canteen. If you have some spare time, please come in and help out. We always need help with apple slinkies!

Open on Mon, Tue, Thurs and Fri.

Canteen closed on Thurs 5th March due to Swimming Carnival

Ed’s Corner

I hope you like the new look P&C newsletter! Each publication I’ll post something fun right here.

This week, a riddle:

“What has to be broken before you can use it?”

Answer in the next newsletter!

Out of School Hours Care

Here we are in week 4 already and another exciting year at our service. We now have 116 families enrolled and quite a few new kindergarten children attending, as well as families who have moved in from other areas. So we send out a big welcome to everyone.

At the P&C meeting last week, we gained two new members for our committee, Rod Saunders and Missy Neville, and the return of Kirsten Burns. Thanks for stepping up to support the service this year. Our committee is a sub-committee of the P&C and supports staff with a great deal of the running of the service.

As people move on, I would like to thank all of our outgoing committee. A special thanks should go to John Bauer, who has been involved in the school for around 20 years, and our committee for many of those years. John has taken a step back this year and we will miss his ideas and support, but wish him well and a bit of a rest after all of his efforts.

The introduction of the National Quality Framework has created a greater workload for staff as we are now required to document children’s learning through play. We have not yet been assessed, but it should be happening soon. More information is on our website (www.mpsoshc.com), the ACECQA website (www.acecqa.gov.au) or just ask us.

Stacey Jorgensen is the Educational Leader for our service. Stacey recently completed her Certificate IV in Out of School Hours Care (OSHC) and has been busy accumulating information on children’s interests to incorporate into our program.

We have a group of 17 staff at present: two are currently studying towards the Certificate IV in OSHC, we have a 4th year teacher, two Diploma qualified and three Certificate III qualified in Children’s Services. The rest are either attending or have attended University and everyone brings a variety of skills and knowledge to our service. But mostly, they are great with your children and it is a very friendly environment!

If you need care during the Easter holiday break (13-24 April), please let us know early! Also note that the service will not be operating in the July holidays. If you do use our service, we’d love feedback on how we are going.
