## Student Backpack Supplies 2020 (Stationery, Arts, Crafts, ICT Consumables)

Dear parents and carers

Stationery and consumable supplies have been ordered for every student for the 2020 school year. The items will be delivered to your child's classroom in January, ready for them.

The school has purchased items at bulk prices, and this means parents do not have to pay GST on these goods. This bulk ordering process ensures that all children have access to stationery items they require throughout the entire school year. We order for every child in the school because this supports all our children having access to the same stationery resources, as an equity initiative. Parents and carers are also able to purchase a backpack for another child whose family may not be able to contribute at this time. The School Board promotes this 'pay it forward' ethos within our Macgregor Primary School community.

Any families requiring financial support can contact the Principal to discuss this and can be provided assistance through our student support fund. Please note that any contributions for student stationery supplies are voluntary.

We thank you for your ongoing support.

Catherine Dillon  
Principal
