

Dear Parents and Carers

Welcome back to term 3. We hope everyone had a relaxing break. This overview is a brief outline of what your child will be learning this term. Please continue to support your child's learning at home by reading with them every night. As the colder weather begins to set in and temperatures between inside and outside vary more, clothing is often taken on and off so please ensure that all of your child's belongings, especially hats, jumpers and water bottles are very clearly labelled. We would like to welcome Piper who has joined our class at the end of term one.

Our specialist classes (Art, PE and Sustainability) will be taught across the year. Please contact you child's teacher via email if you would like further details.

Mathematics

This term, students will be given many hands-on opportunities to understand and explore:

- Addition, subtraction, multiplication and division
- Time
- Fractions
- Angles

Specialists

All students will participate in specialist classes throughout the year including PE, Sustainability and Dance. This term, Katrina will be leading our Dance and Drama lessons, where students will build confidence, creativity and performance skills

Integrated Unit - Civics and Citizenship

This term, students will explore **Civics and Citizenship** by learning about the purpose of rules and laws, why they are important, and how they help people live and work together safely. They will also be introduced to Australia's three levels of government and discover how each level helps our communities.

English

Our explicit English program continues to progress well, with students actively engaged in reading, writing, spelling, comprehension, fluency, and grammar activities. The whole school is also participating in focused handwriting lessons to further support students' writing development.

The Arts

This term, students will continue their focus on visual arts and music, further developing skills that support creative expression. students will explore **Dance and Drama**, developing their confidence, creativity and communication skills through movement, role-play, performance and storytelling.

Library

LSG will all have a borrowing session in the library on Friday. Please encourage your child to bring a library bag to school as they will require one in order to borrow books.

Science

This term in Science, our focus is **Forces and Motion**. Students will investigate how different forces affect the movement of objects through a variety of hands-on activities and investigations. We are also excited to welcome the **Academy of Future Skills**, who will be visiting to run engaging experiments that will enhance our learning and spark students' curiosity.

Physical Education & Health

Students will be involved in regular P.E. sessions throughout the week that will focus on the fundamental motor skills. This term, students will learn about healthy eating and explore how making healthy food choices supports their growth, wellbeing and overall health.

Wellbeing @ Macgregor W@M

Our W@M lessons this term will focus on ways to display kindness to others and identifying different emotions and how to deal with them. We will also be looking at what it means to be respectful, in particular, making sure we always use our manners.

Dates to Remember

- Week 2**– Hats on
